**ST. LEONARD SCHOOL
 CURRENTLY REGISTERING
 STUDENTS IN PRE K
 THROUGH 8TH GRADE**

St. Leonard School is dedicated to promoting the spiritual and intellectual development of each child with an emphasis on faith, academic excellence, and service. We believe in a strong partnership between home and school to foster student development. Our teachers use a variety of teaching methods including technology, outdoor classrooms (weather permitting), and projects to allow our students to achieve their academic potential. Our approach to education includes ambitious instruction, collaborative teachers, and a supportive environment to propel our students to achieve the ACT Readiness & National benchmarks. Upon graduation, 99% of our students attend the high schools of their choice.

We believe that children are influenced by their environment. Parents, the source from whom children derive their values, entrust their children to us. We will assist parents in fulfilling their obligation for the Christian formation and education of their child. An emphasis is placed on the Sacramental life of our students, with our second graders receiving the Sacraments of Reconciliation and First Communion. Our 8th graders receive the Sacrament of Confirmation after spending time learning more about our faith, engaging in service, and building community.
